## SERIE AQUASET AS

---

### Application

This series is entirely on a water basis and offers a lot of advantages.  
Cardboard, heavy paper (at least 130 gr.), wood.

### Aspect

Satin

We can offer a glossy version of this range: AQUAGLOSS AG.

### Drying

Dries in the oven. Can immediately be piled when leaving the tunnel.

### Dilution

With water or Slow reducer AS 5000.

### Cleaning

-Water (with or without high pressure).

-Aquaclean

### Emulsion

All water resistant emulsions are suited.

### Mesh

P 77- 140

### Covering capacity

+/-40m<sup>2</sup>/l depending of the used screen.

### Storage stability

4 years between 5 and 25°C in well closed boxes.

### Properties

- If you need perfect water resistance for outdoor application we advise too add 1% of hartner. Please keep into account that the ink has to be used within 12 hours after adding this hartner.
- Respects the environment: no presence of heavy metals. Suited for children's toys and food packaging.

### Remark

The range AQUAGLOSS is the glossy version of this range, the properties are the same. The only difference is the aspect.
